Sponsor & Exhibitor Information

The IEEE International Workshop on Antenna Technology (IWAT 2019) event is accepting sponsorship and exhibit applications. The IWAT is an annual forum for the exchange of information on the progress of research and development in innovative antenna technology. It especially focuses on small antennas and applications of advanced and artificial materials to the antenna design. You will find the format of our exhibit show especially designed to maximize your connectivity and minimize your costs. Following sponsorship and exhibitor opportunities are available at IWAT 2019.
